## BLOK IP65

# IP65 Rated Water-Resistant Moving Head Strobe Fixture

The Blok IP65 stands as a robust and durable moving head strobe light, boasting a water-resistant and dust-tight enclosure rating, making it perfect for various outdoor and indoor applications. This powerful luminaire is as elegant as it is reliable, featuring 480x monochromatic RGB LEDs and 144x cool-white LEDs calibrated at 6500 color temperature. With an impressive output of 150,000 lumens and a color temperature of 6500 kelvins, the Blok IP65 creates a high-resolution light source strobe that produces pure and highly bright colors, all without a hard edge or a hot spot.

## NUVE HAZE MACHINE

### **Water-Based Haze Machine**

Nuve Water-Base Haze Machine creates the perfect effect to make you feel like you are in the clouds. You can adjust the output angles of the haze to your desired position. The intensity of the blow is controllable with the LED display. The built-in display allows for a quick and easy setup of the DMX function. This fixture contains a heat control system and a low-noise fan, allowing it to operate silently. The Nuve, a Water-Base Haze Machine, gives you a continuous flow of soft haze, which creates a more brilliant display than ever before. Nuve a Water-Base Haze Machine comes in its aluminum alloy road case, making it perfect for touring and shows.
