

Celebrate in Style, Shine in Brilliance

RASHA | Professional

Tailored for Every Mood and Theme

Rodie IP X12

With 12 high-output LEDs and an electronic frost lens, the Rodie IP X12 transitions seamlessly from a tight beam to a smooth wide wash. Its IP65-rated body delivers reliable performance and refined aesthetics, offering bold color and pure white light for any professional setup.

Battery Powered Par

Rodie IP X7

Compact and powerful, featuring 7 LEDs and motorized frost control, it adapts instantly to any wash or accent application, delivering exceptional color quality and pure, even white output. The Rodie IP X7 is designed for smaller spaces and quick setups.

Battery Powered Par

Wedlok Series

Compact IP65 uplights built for elegance and endurance. The Wedlok 4 delivers a focused beam for accents, while the Wedlok 7 offers a wider wash for décor and table lighting. Both provide CRMX wireless control and full-spectrum whites for professional events.

Battery Powered IP65 LED Fixture

Bullet M2

Wireless Pinpoint with motorized pan, tilt, and zoom, featuring a long-lasting battery and magnetic base—crafted with an elegant design that blends seamlessly into event spaces and professional installations.

Moving Head Pinpoint

Zuri Spot & Beam

Compact. Precise. Relentless.

The Zuri Series delivers professional performance in a compact form. Built for installs or the road, both models feature high-output LEDs for rich color and smooth movement. The Zuri Beam adds a white strobe and color effects for striking visuals, while the Zuri Spot delivers sharp projection and vibrant texture—punching far above their size.

Moving Head Spot & Beam

Cybrid G2

High-output 23,000-lumen LED moving head with spot, wash, and beam effects. Features motorized zoom (2°–35°), auto-focus, advanced color/gobo projection, and 22 DMX channels.

Moving Head Hybrid

Photon Hybrid

Top-tier moving head built for designers who demand precision and power. Featuring CMY color mixing, precision optics, color wheel, dual gobo wheels, prism wheel, animation wheel, and motorized zoom with auto focus. The Photon Hybrid is a complete creative tool—powerful, elegant, and impossible to outgrow.

Moving Head Hybrid

K2 FX

High-output RGBW wash fixture with Aura panel and pixel-mapped effects. Built for stage, broadcast, and event lighting, delivering powerful color and creative control for immersive designs.

Moving Head Wash

Blok IP65

High-output LED moving head strobe with pixel-mapped effects, 150,000 lumens brightness, and IP65 weatherproof rating—ideal for dynamic outdoor and indoor lighting setups.

Moving Head Strobe with Pixel Effect

Crafted for Unforgettable Moments

On Stage Series

High-resolution LED panels for indoor and outdoor use, offering vibrant colors, quick installation, and versatile pixel pitches—perfect for concerts, events, and large-scale displays.

500×1000mm & 500×500 LED Video Wall Panels

Nashbar

High-output linear LED bar with 1,440 RGB LEDs, 16 pixel-mappable zones, 3,500 lux brightness, 20 Hz strobe, and multiple control modes.

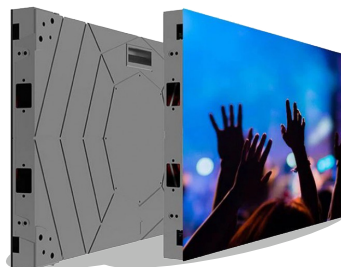

Multi Color Strobe & Effect Batten

Ultraline Series

High-resolution indoor LED video wall with 0.7–2.5mm pixel pitch, sharp visuals, wide viewing angles, HDR support, and scalable design for events, retail, and corporate spaces.

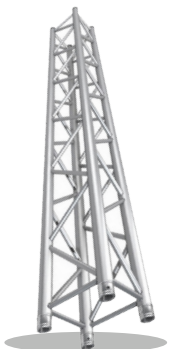

16:9 Front Service LED Video Wall Panel

Rasha Truss

Durable truss systems and rigging solutions for concerts, festivals, and live events—featuring stage trusses, ground supports, clamps, and mounting accessories for easy setup.

Stage Lighting Truss

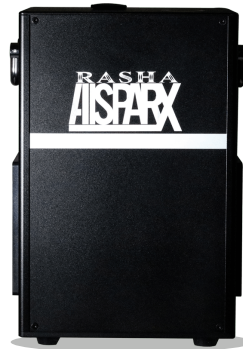

Lighting That Inspires Emotion

Core

Versatile LED uplight with vibrant colors, 12-hour runtime, and durable, compact design—perfect for dynamic event lighting and flexible, cable-free setups.

Battery Powered Uplight

All Sparx

Compact, smokeless, and odorless cold spark fountain with adjustable heights (3–9 ft), DMX/IR control, and 30-minute runtime—ideal for safe, dramatic effects at any event.

Cold Spark Machine

Crux

9 RGBAW+UV LEDs, wireless DMX, IR control, and 5–7 hours runtime. Compact, powerful uplight for seamless event lighting without cables.

Battery Powered Uplight

Bullet Pinspot

Portable 10W warm white LED with 3°–15° manual zoom, IR remote, and magnetic base for flexible placement—perfect for precise, dynamic accent lighting anywhere.

Battery Powered Pin Spot

Titan Lum

270° seamless RGBWA illumination with 192 LEDs, wireless DMX, 20-hour battery life, and lightweight aluminum build. Ideal for dynamic lighting in mobile setups and installations.

Battery Powered Pixel bar

Bullet Bar

Six 10W warm white LEDs, adjustable goosenecks, 10-hour battery life, wireless DMX, and IR control—ideal for precise, flexible accent lighting at events.

Battery Powered Pin Spot Bar

Stratus Series

Low-lying fog machines delivering cinematic, cloud-like effects. Stratus 4 covers large venues; Stratus 2 offers portable, immersive fog for smaller events and stages.

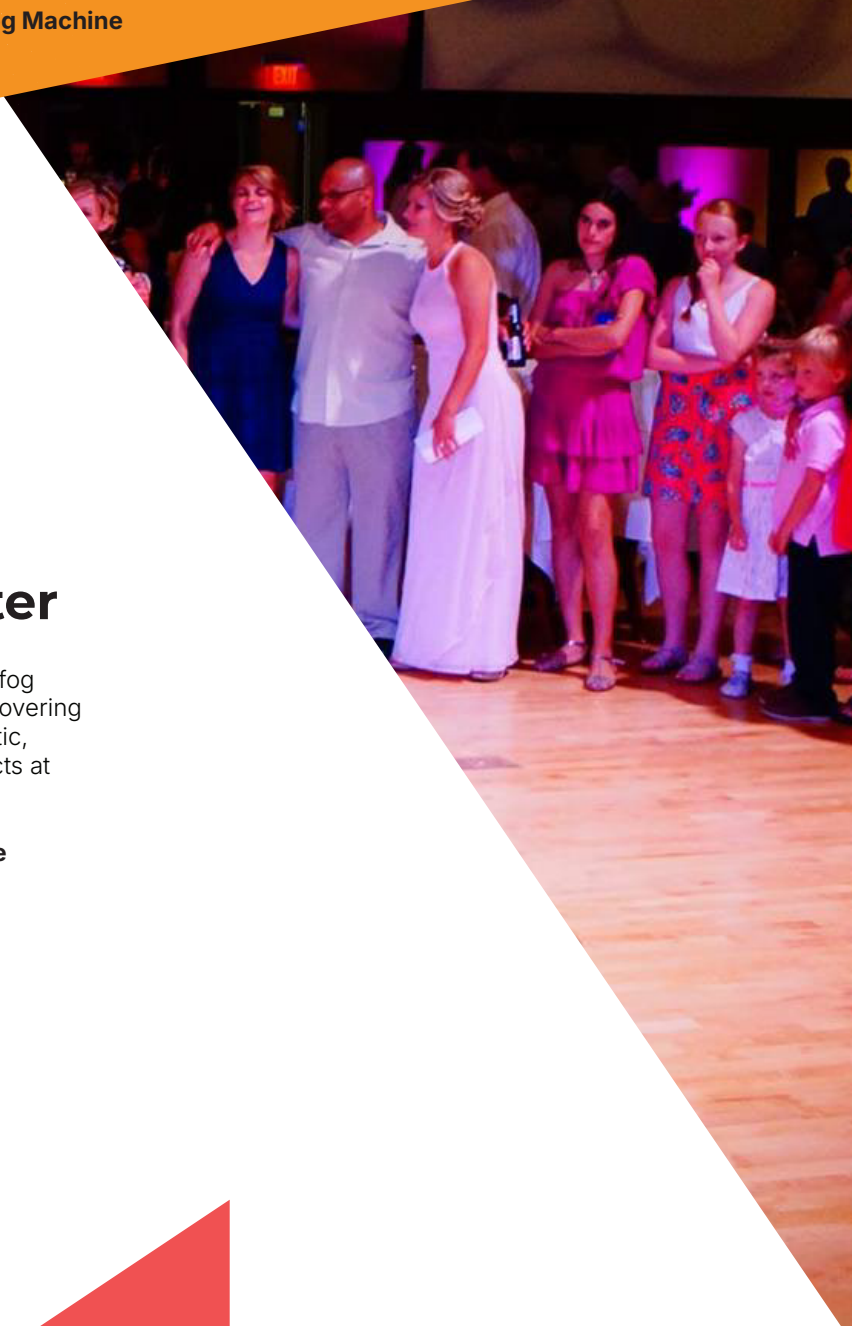

Low Laying Fog Machine

Cloud Master

DMX-controlled low-lying fog machine with road case, covering 3,229 ft². Ideal for cinematic, ground-hugging mist effects at large-scale events.

High Output Fog Machine
